

Sarah Kay

Hello, my name is Sarah Kay, and I am 21 years old. I am entering my fourth year of a Bachelor of Science in Agriculture degree majoring in Animal Science at the University of Guelph. My home is Roslin, Ontario where my family owns a 90-acre hobby farm with 2 riding horses, a herd of Boer goats, and laying hens. My family owned Standardbred racehorses from the time I was a baby until 2019 and I was heavily involved as a groom from the age of 10 until 18. I began in 4-H in 2011 as part of the Hastings Beef Club and became involved in multiple other clubs such as Animal Friends, plowing, horse and goat in following years. I have participated in the National Junior Beef Heifer Show and the Youth Dairy and Meat Goat Shows at the Royal Agricultural Winter Fair on multiple occasions. The past 2 summers I worked for Rossmore Animal Hospital in Belleville as a vet assistant and this summer I am working as a research assistant for Dr. Renee Bergeron's lab at the University of Guelph. After graduation in April 2022, I plan on pursuing a master's degree in Animal Reproduction. I am keeping an open mind as to what career path I take once leaving university, but I want to remain a part of the agricultural community that I love so much!
